Early Career Workshop Call for Papers

March 20th – 21st 2026

At the SQUARE, University of St.Gallen, Switzerland

Editorial Team: Jan Bebbington, Janice Lee, Rajat Panwar, Mohan Rama Turaga, Francesco Testa, Judith Walls

Organizing Team: Isabelle Bürger, Leylah Lüscher, Judith Walls

CALL FOR PAPER SUBMISSIONS

We invite submissions to take part in the Early Career Workshop during our upcoming conference on business and biodiversity. This workshop is aimed at helping early career scholars develop their papers (or PhD theses) on the topic of “business and biodiversity”. Successful applicants will have an opportunity to attend the conference, present their work, and gain dedicated feedback from leading scholars in this field, as well as their peers. The conference and the workshop will have a hybrid format—attendees will be able to join online.

Deadline for submission: February 15, 2026

Format: 5-page (extended abstract, including references)

Please send submissions and questions to: biodiversity@unisg.ch

This event is made possible through funding from the University of St.Gallen School of Management and the University of St.Gallen Research Commission
